

We School Europe - Teacher training program 11-18/03/2018

Arrival day: 11/03/2018 - Departure day: 18/03/2018 - Hosting partner: Scoala Gimnaziala nr. 10, Suceava (ROMANIA)

Background information for participants

This training is considered the mobility C1 of "We School Europe" Project and it's part of the Teacher training ongoing process. The first main phase of the whole project is crucial due to the ambitious general aim – create a team of teachers with transversal competences becoming "European educators experts in Europe" able to cross formal curricula in lower secondary schools with the discipline "European Citizenship Education".

On 20/12 around 30 teachers working in the partner schools started to receive emails from the Erika Gerardini (trainer and facilitator) and all national teams entered in the project website <http://www.weschooleurope.info/> involved in training modules with inputs and indications on the main topics related to Europe and tools how to teach Europe at school.

After the training teachers will continue to be trained until the end of the school online through the platform.

The mobility is structured in 4 different pillars:

- the initial moment of get to know each other (it's the first occasion for 4 teachers per partner (20) to meet and work together);
- intercultural visits and job observation (entering in the school-life and interact with the colleagues working at local level);
- the training activities (sharing the training modules developed and activities carried out in classes and decide how they can be all united in the Training Kit – Output 1)
- the final conference "European values in education"

Time	Monday 12/03	Tuesday 13/03	Wednesday 14/03	Thursday 15/03	Friday 16/03	Saturday 17/03
